MAKO®

STRENGTH OF LEGEND. SPIRIT OF ADVENTURE.

2021
OFFSHORE & INSHORE SALTWATER BOATS

STRENGTH OF LEGEND.
SPIRIT OF ADVENTURE.

The ocean has been calling to us since the dawn of time, and the urge to explore it has consumed us for just as long. In that quest, you deserve a seaworthy craft that will both enable your dreams and keep you and your crew safe. You deserve a MAKO®.

For more than half a century, MAKO® boats have been loved by their owners and feared by their prey—and now is the time for you to join the family.

YOU'LL FIND THEM WHERE THE FISH ARE

MORE THAN HALF A CENTURY OF LEGENDARY BOATS

In 1966, MAKO® boats launched a groundbreaking new product—a rugged, roomy and very seaworthy center console 19′ bay boat that would change the saltwater sportfishing industry forever. The boat was revealed at the 1967 Miami Boat Show, and it was so well received that 400 orders were taken—almost unheard of even today at a boat show.

MAKO boats quickly garnered a reputation for being overbuilt, hardcore fishing machines designed to take you to the fish even in adverse conditions—and that would keep you, your crew and your family safe while doing so. MAKO owners became more and more devoted as the years passed, and owner Funaments popped up in Florida, the Gulf and along the Atlantic seaboard as a way for enthusiasts to gather, fish, socialize and tell tall tales.

More than five decades later, now under the leadership of Johnny Morris and White River Marine Group®, the devout following of MAKO owners is more numerous and vibrant than ever. In the tradition of our founding, we continue to build boats stronger than they have to be. It is with a passionate spirit of innovation that we continue to develop new technologies and techniques that will make your inshore and offshore experiences unforgettable.

YOUR SALTWATER FISHING **HEADQUARTERS**

“ MAKO boats are better than they’ve ever been. From the revolutionary Pro Skiffs to the ocean-taming 414 CC, we build every boat to make your inshore and offshore adventures the most memorable times of your life. ”

–Johnny Morris
Founder, Bass Pro Shops® & WHITE RIVER MARINE GROUP®

In the late 1960s, MAKO® Boats, a new concept of rugged center console saltwater boats, was born. At the same time, a young Johnny Morris was just about to graduate college in Springfield, Missouri—and his first B.A.S.S. tournament was just around the corner. An idea was beginning to form in his mind, too. One that would lead to Bass Pro Shops and WHITE RIVER MARINE GROUP® (WMRG).

Fast forward 30 years, and the destinies of these great companies converged—MAKO had become one of the most respected names in saltwater, and Bass Pro Shops was on the way to becoming one of the largest outdoors sporting goods companies in the world.

WRMG acquired MAKO in 1996. The combined might of these two brands assured that MAKO boats would become better than ever.

Today, WRMG is the largest boat builder in the world by volume. And as a member of this great family, MAKO is able to integrate decades of legendary saltwater performance, along with its own legendary boat-building heritage, into every model.

When you join the MAKO family, you become part of a group of fiercely loyal anglers that know the durability and fishability that these boats offer. And you’ll begin to feel peace of mind knowing that a stable industry leader with more than 200 dealers and service centers across North America, including 130-plus Bass Pro Shops/Cabela’s® Boating Centers, backs you through every adventure.

NO HAGGLE NO HASSLE™
Value Pricing Coast to Coast

Regardless which venue you pursue in picking out your new MAKO®, you’ll find that our nationwide NO HAGGLE NO HASSLE® pricing policy is a one-of-a-kind asset! From our websites to our ads to our stores, our prices are consistent whenever and wherever you shop! Online, in the store or over the phone, you’re always getting the absolute best possible deal on your new MAKO boat.

3 CONVENIENT WAYS TO SHOP

MAKO DEALER
Your local Bass Pro Shops, Cabela’s or independent MAKO dealer can assist you with a purchase.

CALL US
You can reach one of our knowledgeable representatives at 855.630.2711 to have all your MAKO questions answered, order a boat, and arrange pick-up at your local dealer.

ONLINE
Visit Makoboats.com on your desktop, laptop or mobile device. There, you’ll be able to browse our complete lineup, look at photographs, watch videos, compare features and pricing, and locate the dealer nearest you. You can also use the Build A Boat tool to customize and price your boat.

LEGENDARY QUALITY CONSTRUCTION

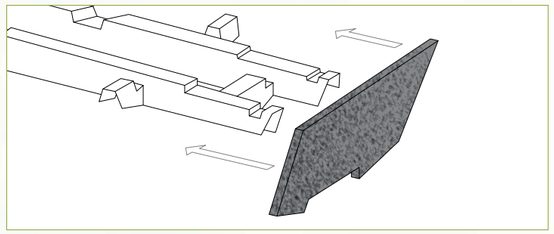

FROM IDEA TO OCEAN

Over the span of more than half a century, MAKO® boats have evolved from the simple idea of a durable, highly-fishable 19-foot center console to a fleet of fishing boats that cover every inshore and offshore need. Designed by the anglers who use them, they reflect the experience and feedback of thousands of MAKO customers, resulting in boats that make inshore and offshore fishing more efficient and intuitive—and make time spent on the water more memorable. MAKO employs the same Lean Sigma manufacturing techniques used by leaders in the aerospace, medical and automotive industries. This results in a fleet of boats that are recognized for being top quality and built to last. It's because of all these things that we are able to offer MAKO Assurance—the best factory warranty in saltwater boats.

Hull cavities are filled with foam for flotation, structural rigidity and noise suppression.

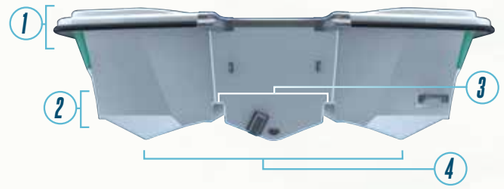

MAKO boats are built with a 100%-composite Coosa structure and 100%-fiberglass stringer system.

AGGRESSIVE DEEP V OFFSHORE HULLS

Our legendary wave-slicing hulls are built with a variable deadrise design that transitions from a sharp, wave-cutting bow to a stable stern. The result is higher speeds, more fuel efficiency and better handling while cruising, but also minimized listing at slower speeds and at rest. Wide reverse chines also contribute to a dry, comfortable ride and great stability at rest, as well as the necessary buoyancy to handle today's high-horsepower outboards.

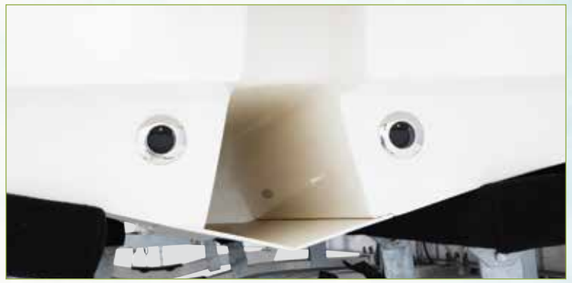

PRO SKIFF ADVANCED INVERTED V HULL

The award-winning Advanced Inverted V (AIV) hull gives our skiffs the ultimate in smoothness and stability. The shape of the hull allows the boat to accelerate and reach plane quickly, and it contributes to extremely smooth performance and turning at the top end. An integrated anti-spray design deflects water down, keeping you dry even in moderate chop. This hull design is standard on the Pro Skiff 15 CC, Pro Skiff 17 CC and Pro Skiff 19 CC.

1. *Hull is chemically bonded to deck.*
2. *Integrated anti-spray design keeps you drier in rough water.*
3. *Clear water channels divert air-filled water to the sides and above the prop for better performance.*
4. *Inverted V design provides extreme stability, improved acceleration and better handling.*

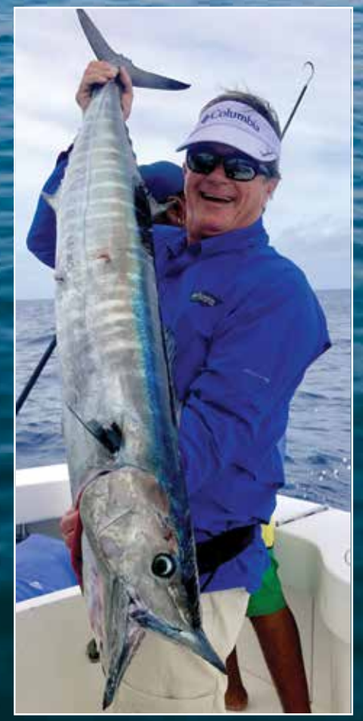

21 & 18 LTS RAPID PLANING SYSTEM

The 18 and 21 LTS hulls feature our RAPID PLANING SYSTEM™ (RPS), consisting of a midship step in the hull and a partial tunnel in the aft section of the keel. On takeoff, the tunnel releases suction for a faster holeshot and a quicker step to plane. At the top end, the step in the hull improves performance and maximizes speed by reducing friction with the water's surface.

BLUEWATER MASTERS

OFFSHORE

"MAKO stands tall in the archives of offshore fishing with a reputation that's second to none in safety, reliability and fishability."

GEORGE POVEROMO
Host of NBC Sports'
"George Poveromo's World of Saltwater Fishing"

Since 1966, MAKO® boats have been building a solid reputation for offshore durability, innovation and safety. Today, a fleet of rock-solid and technically advanced bluewater champions stand ready to make your next offshore adventure unforgettable. Ranging from 18'–41' long, there's a boat for everyone from the casual nearshore angler to the fearless explorer who travels to the Gulf Stream and beyond to chase the trophies that inhabit their dreams.

284 CC

THE RELIABLE LEGEND

The MAKO® 284 CC has been proven year after year by saltwater guides everywhere to be one of the toughest, most reliable and most comfortable offshore fishing vessels on the market. Driven by up to 700 horses, it has the grit to handle the choppiest seas—and the interior has been optimized as the ideal combination of fishability and comfort.

CUSTOM-MATCHED TRAILERS

Your boat spends a lot of time on a trailer, so it's important that the fit be exact and that the same care goes into building the trailer as the boat itself. To help, MAKO® trailers are custom-built to match the boats they carry.

STANDARD ON: 21 LTS

OPTIONAL ON: 214 CC | 334 CC

- **CUSTOM-MATCHED**
  Each trailer is custom-built to match the boat model that rides on it
- **FOLDING TONGUE JACK W/WHEEL**
  Heavy-duty tongue jack can be quickly and easily folded out of the way (except 234 CC)
- **ALUMINUM I-BEAM CONSTRUCTION**
  Ultimate strength-to-weight ratio with maximum durability and ease of use
- **BRAKING SYSTEM**
  Tandem-axle brakes enhance your stopping abilities for maximum safety

OPTIONAL ON: 284 CC

- **HEAVY-DUTY COUPLER**
  The coupler features a brake actuator, heavy-duty chains, wiring and construction for maximum hold and durability
- **LED LIGHTING**
  Enjoy longer life and better visibility with our waterproof LED lights
- **ALUMINUM I-BEAM CONSTRUCTION**
  Ultimate strength-to-weight ratio with maximum durability and ease of use
- **CARPETED BUNKS**
  Marine-grade carpeted bunks not only make it easy to load and unload your boat, they also cradle the craft when on the road

STANDARD ON: PRO SKIFF 15 CC | PRO SKIFF 17 CC | PRO SKIFF 19 CC

- **CUSTOM-MATCHED**
  Each trailer is custom-built to match the boat model that rides on it
- **BOX BEAM CONSTRUCTION**
  Heavy-duty hot-dipped galvanized steel frame built to withstand years of heavy use
- **DESIGNED FOR EASE OF USE**
  Optimum support while on the road and ease of loading/unloading at the ramp

STANDARD ON: 18 LTS

- **CUSTOM-MATCHED**
  Each trailer is custom-built to match the boat model that rides on it
- **ALUMINUM I-BEAM CONSTRUCTION**
  Ultimate strength-to-weight ratio with maximum durability and ease of use
- **SWING-AWAY TONGUE**
  The tongue folds in so you can store your boat package in smaller spaces
